Are your Show Times exact?

The Sunny Side Up Film Festival will make every effort for a film to start at its scheduled time, but sometimes Filmmaker Q&As run long and films may start early or late. To be safe it's always a good practice to arrive a bit early for the film you want to see.

What makes SSUFF different?

It's the only one located in southern Oklahoma. This Festival will have a comic emcee annually, to make it more fun, along with a great after-hang location!

Are your films rated?

Most of the films at SSUFF have not yet been rated by the Motion Picture Association of America (MPAA) and therefore have not received an 'Official' rating; however, we have created a ratings system based on MPAA standards giving consideration to the local viewing audience. Festival goers should exercise discretion when attending a film, but please note that all films shown will be either rated G, PG or PG13.
